Also present were Manuel Ramirez, advisor to Cmmr. Wood, Roger Pelote for Williams Power, and Fred Fletcher and Lianne Parker, for the City of Burbank. Pelote discussed the November 4, 2003 draft decision (DD) of ALJ Brown and two revisions that have been made to the DD. Pelote explained that SCGC supports the elimination of the approval of The Utility Reform Network storage proposal, but SCGC urges that the Commission retain the provision for the transfer of 31 MMcf/d of Southern California Gas Company turnback capacity to San Diego Gas & Electric Company.

1/20/04                      A03-06-040                      Southern California Gas Company (U 904-G), in compliance with Resolution G-3334 for a System of Firm, Tradable Receipt Point Capacity Rights and related provisions.

**Summary:** On January 14, 2004, Norman A. Pedersen, counsel for the Southern California Generation Coalition (SCGC), participated in an all-party meeting with Cmmr. Kennedy in San Francisco. Also present were Brian Prusnek, advisor to Cmmr. Kennedy. Pedersen commented on the costs that would be imposed if the Comprehensive Settlement Agreement (CSA) were implemented, as would occur under the proposed decision of ALJ DeUlloa. Pedersen stated that SCGC has consistently opposed the CSA because the CSA would result in increased costs for customers. Pedersen stated that the costs would be exacerbated by changed circumstances that have arisen during the four years since the CSA was filed. Pedersen explained that due to the loss of liquidity in the market, large noncore customers such as the electric generators would have fewer options for buying gas at the proposed citygate, for selling excess backbone capacity that they may not need during low load periods, or for trading imbalances. Pedersen described the need for customers to be in balance under the CSA. Pedersen advocated approval of the Joint Parties' Petition for Modification filed on October 23, 2003, in I99-07-003.

**Summary:** On January 16, 2004, Norman A. Pedersen, counsel for the Southern California Generation Coalition (SCGC), met with Cmmr. Wood in Los Angeles. Also present were Manuel Ramirez, advisor to Cmmr. Wood, Roger Pelote for Williams Power, and Fred Fletcher and Lianne Parker, for the City of Burbank. Fletcher and Parker described new generation facilities that are being installed in Burbank, and described the benefits of generation located in the electrical load center as opposed to distant locations. Fletcher and Parker described the problems that would be created for load center generation, particularly new load center generation, if the Comprehensive Settlement Agreement were implemented. Pedersen expressed concern about the irregular and unfair treatment of a petition for modification (PFM) filed in I99-07-003 by Joint Parties. Pedersen noted that, in addition to the procedural irregularity regarding the assignment of the PFM to A03-06-040, the PFM is unfairly treated in the proposed decision of ALJ DeUlloa. Pedersen stated that SCGC supports approval of the PFM and vacation of D01-12-018.

**Summary:** On January 14, 2004, John Leslie, attorney for Coral Energy Resources, L.P., met with Cmmr. Kennedy in an all-party meeting in San Francisco. Also present were Brian Prusnek, advisor to Cmmr. Kennedy and other attendees listed in the attachment to the notice. Leslie stated that Coral generally supports the establishment of firm, tradeable capacity rights. Leslie stated, however, that in view of significant changed circumstances, and in view of the passage of time since the Comprehensive Settlement Agreement (CSA) was executed, the terms of the CSA should not be implemented in the current environment. Leslie noted that it is not worth the effort – in particular, the complexity and the confusion for noncore customers – to implement the CSA's terms. Leslie further noted that in view of creditworthiness problems in the industry, there are very few parties that would be able to obtain or trade firm receipt point capacity rights under the terms of the CSA. Leslie stated that in view of changes in the Southern California Gas Company (SoCalGas) market that are imminent as a result of the Commission's upcoming OIR proceeding, and as a result of the new capacity and gas supplies that will be available to the market, the terms of the CSA cannot merely be extended and 'tweaked' for the period beyond 2006. Leslie also noted that the Commission must address rules for whether deliveries at the Otay Mesa receipt point will be treated equally with deliveries at Blythe and the cost of delivering gas into the SoCalGas system at the Otay Mesa receipt point.

HTWT stated its concern over on-going delays in obtaining necessary approvals to upgrade the Mohave facility and recommended, wherever possible, concurrent, as opposed to sequential, reviews. HTWT also expressed its belief that there are no other viable, practical alternatives to Mohave which will produce electricity at a comparable cost, and which will return similar revenues and employment benefits to the two Tribes. HTWT discussed the Mountain View and Procurement proceedings and expressed the hope that such proceedings would not harm nor complicate the future of Mohave. Sherman explained his recent meeting with the Bureau of Reclamation regarding the status of the C-Aquifer Water Study.

**Summary:** On January 22, 2004, Susan Conway of Southern California Water Company (SCWC) met with Tim Sullivan, advisor to Cmmr. Kennedy, in San Francisco. Also present were Karl Bemserderfer, advisor to Cmmr. Kennedy, and Joel Dickson of, and Patricia A. Schmiede, trial counsel for, SCWC. SCWC expressed its support for the proposed decision to the extent that it correctly concludes that SCWC did not violate Section 851 when it assigned 5000 AF in water rights to the City of Folsom in 1994. However, SCWC argued that the PD erred in awarding the income SCWC received from the City for the water rights to the ratepayers beginning in 2003. SCWC argued that there is no legal or factual basis for such ruling.
